

Conflict Metals Declaration

January 1st, 2011

Orbel Corporation does not knowingly use metals that are sourced from the Democratic Republic of Congo (DRC) Conflict Regions.

Due to the seriousness of this issue, Orbel Corporation's supply chain is comprised of sources that are both environmentally and socially responsible.

In addition, Orbel Corporation periodically reviews this requirement with our Strategic Suppliers to ensure continued compliance.

Respectfully,

A handwritten signature in black ink, appearing to read "Matthew Fetherman", with a long horizontal stroke extending to the right.

Matthew Fetherman
Quality Director
Orbel Corporation
