Components

Celebrating 43 Years of High Standards

ORBEL CORPORATION

Innovators in Photo Chemical Milling and Electroplating

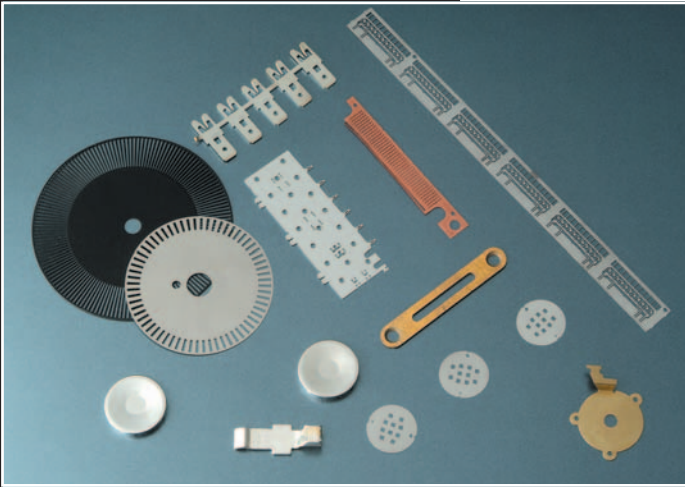

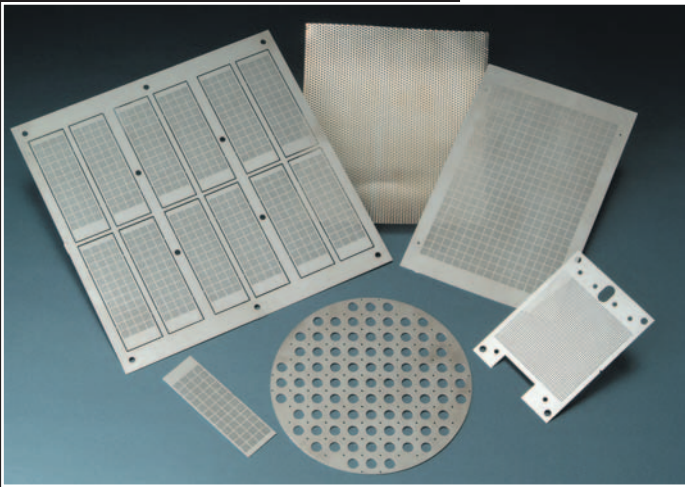

Orbel Corporation provides medical component instrumentation manufacturers with unmatched chemical milling and electroplating services. Orbel is capable of meeting all of your most demanding requirements.

Serving Manufacturers Of:

- Medical Assemblies and Sub-assemblies
 - Pneumatic
 - Electromechanical
 - Electronic
 - Centrifuge
- Surgical Instruments
 - Electric
 - Pneumatic
- Diagnostic Devices
- Laboratory Devices
- Pressure Regulators
- Batteries and Battery Chargers
- Manifolds

Capabilities:

- Prototype to production quantity
- Burr-free, stress-free high quality precision products
- Economical pricing
- Short turnaround
- Low cost precision tooling produced in-house
- Most metals and alloys
- Design flexibility
- Compliance with tight specifications
- Assistance in design and metal selection
